// PORTFOLIO //

## EDUCATION & CERTIFICATIONS

### Indian Institute of Technology Guwahati

B.Sc. (Honours) in Data Science & Artificial Intelligence (In Progress)

### University of Michigan

Python for Everybody  
Specialization

### University of Michigan

Applied Data Science with Python  
Specialization

### University of Guanajuato

Spanish Literature (Coursework)

## PROFILE

Data Analyst with multidisciplinary experience in industrial operations, business management, and quality assurance, currently pursuing a B.Sc. (Honours) in Data Science & Artificial Intelligence at IIT Guwahati. Experienced in Python, SQL, Power BI, statistical analysis, business intelligence, and forecasting through end-to-end analytics projects using real-world datasets. Passionate about transforming complex data into actionable business insights and continuously expanding technical expertise through self-directed learning.

## SELECTED PROJECTS

### Industrial Sales Analytics

Analyzed 630k+ industrial sales transactions to develop KPIs, customer segmentation, profitability analysis, and executive Power BI dashboards.

### Demand Forecasting

Built and evaluated Prophet forecasting models using industrial sales, automotive exports, and a custom Industrial Demand Index, achieving 6.5% MAPE.

### Healthcare Resource Analytics

Designed a relational SQL database and analyzed 100k+ hospital admissions to identify patient profiles, resource utilization patterns, and readmission factors through SQL and Power BI.

### Industrial Demand Modeling

Analyzed automotive trade flows and industrial consumption patterns to develop a correlation-weighted Industrial Demand Index (IDI), identifying a 5-month leading indicator for demand forecasting.

## PROFESSIONAL EXPERIENCE

### Founder | MARBA Electrical & Industrial Services. Irapuato, México (2024 – Present)

Manage industrial and residential projects, client quotations, team coordination, and operational planning.

## TOOLS

Python • SQL • SQLite • Power BI •  
Pandas • NumPy • Matplotlib •  
SciPy • Prophet • Git • GitHub •  
Jupyter Notebook • VS Code • Excel  
• R (Intermediate)

## TECHNICAL SKILLS

Data Analysis • Statistical Analysis •  
Exploratory Data Analysis (EDA) •  
Business Intelligence • Data  
Visualization • Forecasting • Time  
Series Analysis • SQL • Relational  
Database Design • KPI  
Development • Dashboard  
Development • Feature Engineering

## LANGUAGES

**Spanish:** Native

**English:** Professional Working  
Proficiency

### **Technical Maintenance Specialist | Fantastic Home Design. Vancouver, Canada (2023 – 2024)**

Performed multidisciplinary residential maintenance while working in a fully English-speaking environment.
